## “Helping people find their voices through creative expression.”

### About the CCAC

The Crawford County Arts Council was formed by a group of artists and interested community members as a collaborative organization working to initiate, support and preserve the arts, strengthening Crawford County culturally, educationally, and economically.

CCAC membership carries no obligation and no required meetings. Instead, it offers each member the opportunity to craft his or her preferred level of involvement, with opportunities to network with the local artistic community, to exhibit and market artwork, to participate in community art projects, and to conduct and/or join art classes, all while supporting efforts to further the impact of art in Crawford County. Membership is valid for twelve (12) months from date of approval.
